

LA FOLLETTE SPEECH MAY DELAY BALLOT

Senate Is Fearful of Long Wait Before Vote on Currency Measure.

Because a number of the Democrats and numerous Republicans are fearful lest Senator La Follette jump into the currency debate at the last hour, and prolong it indefinitely, and by a lengthy speech interfere with the consideration of amendments, it has been found impossible to get a formal agreement in the Senate to a time to vote on the currency bill.

Under the circumstances, indications are no agreement to a day for voting will be reached, but at the same time the bill will be passed about the middle of the coming week.

When the Senate met today, Senator Walsh, after routine business, wanted to have the Polindexter bill relative to election of Senators considered. Senator Newlands objected because he wanted to speak on currency. After some discussion, Senator Walsh moved to take up the Polindexter bill, but the motion was lost 10 to 24.

ACTION IN HOUSE CAUSES TROUBLE

He has been the storm center of the House during the last few days on account of his proposed constitutional amendment which would make the United States a liquorless country.

Home.—After three months spent in house hunting, Ambassador Page has succeeded in finding suitable quarters in the Palazzo del Drago in the Via Venti Settembre.

Ottawa.—From fragmentary reports of royal northwest mounted police there is a disposition to believe that Vilhjalmar Stefansson, the explorer, who has reported that he has lost his ship, the Karluk, has not been treated fairly by other members of the expedition. The opinion is that the Karluk has lost Stefansson rather than that Stefansson lost the Karluk.

Veteran Too Ill to Be Guest of Honor

The reception and dancing party given last night in the Elks' Hall by the United States War Veterans, Department of the District, in honor of John Lewis Smith, commander-in-chief, was deprived of the presence of Mr. Smith by illness. The veteran was represented by Mrs. Smith who told the 500 veterans and guests of her husband's deep regret that he could not be present. The reception was planned as the first greeting to Mr. Smith since his election as head of the national organization at the convention at Buffalo in September.

Short speeches eulogistic of the order were made by Chief of Staff R. J. Donnelly and Past Department Commander P. S. Hodzson, and Congressman E. M. Thompson, riding New Jersey, E. W. Austin of Tennessee, and F. B. Greene of Vermont. Col. John G. McElroy, of the A. E. and Department Commander Jere A. Costello also spoke.

Convention Action Deferred Few Days

The committee of progressive Republicans, which is promoting the movement for a Republican national convention, met last night to consider plans. A general discussion resulted, but there was no action. Definite action was deferred until Sunday or Monday when former Governor Hadley, of Missouri, will be present.

Those at the meeting last night included Senators Cummins and Jones, and Congressmen Anderson, Cranston, and Rogers. Talk among the progressive Republicans and others favors a meeting of the national convention in March or April. Washington and St. Louis are the locations which seem to be most favored. The Republican national committee will meet here December 15.

Dreaming of Days When Appetite Was King

Bring Back Those Joyous Health Laiden Days by Using a Stuart's Dyspepsia Tablet After Meals.

One of the sad memories of a stomach sufferer is the time when he could eat the meals that others ate. He recalls this joy and the relief of many special dishes, but to him the same thing now would be followed by distress, if not painful suffering. Just a single Stuart's Dyspepsia Tablet eaten like candy after a meal will assist in quickly and harmoniously digesting a meal. In a brief time the faulty digestion will become normal and man may eat as he desires.

"And Now I Can Only Eat Soft, Mushy Diet." Then the occasional use of Stuart's Dyspepsia Tablets will bring to any one a more enjoyable and comfortable feeling after a large meal than one can possibly imagine.

The entire secret of Stuart's Dyspepsia Tablets lies in the fact that they are composed of those elements which the system needs most and would supply if it could.

CONDEMNATION OF RIVER FRONT BEGUN

Anacostia Watching Proceedings of United States to Acquire Acreage Property in Connection With the Reclamation of Anacostia Flats—Other Items of Interest.

WASHINGTON TIMES BUREAU, ANACOSTIA, D. C., DEC. 12.—Condemnation proceedings have been instituted under the authorization contained in the last District appropriation bill to acquire property along the shores of the Anacostia river, between Anacostia bridge and Massachusetts avenue. Negotiations for the purchase of the land or its donation by the owners in connection with the reclamation of the Anacostia flats have been progressing for a year, with the result that many small lots have been obtained by the United States. Acreage property is to be condemned now.

Another condemnation project in which Anacostians are interested came before the court today, when a jury was appointed to pass upon the land values in the extension of Mt. View place, between Talburt street and the Morris road.

The requirement by condemnation of a triangle at Minnesota avenue, Seventeenth and S streets, for use as a public park, was begun today.

A break in the big water main connecting Anacostia and Congress Heights last evening threatened serious results for a little while, but the Water Department rushed a corps of workmen to the scene and made repairs.

Government Pays High For its Rented Offices

One of the strongest arguments for having the Government own all of the buildings in which the Federal departments and their various divisions are housed is mutually presented in the annual report of the division of accounts and disbursements of the Department of Agriculture.

In spite of the fact that several large buildings owned by the Government are used for this department, the rent bill paid by Uncle Sam last year for outlying bureaus and divisions of this single department amounted to \$5,522.55.

Eleven bureaus, divisions, offices, and boards, with their stables, storage rooms, and such buildings, are housed in rented buildings.

QUICKLY STOPS WORST BACKACHE

Makes Kidney, Bladder Disorders and Rheumatic Pains Vanish.

If you suffer with backaching kidney trouble, have disagreeable bladder and urinary disorders, or are tortured with rheumatism, stiff joints and heart-wrenching pains, you will be surprised how quickly and surely Croxone will relieve all such misery.

It soaks right in through the walls, membranes and linings, cleans out and strengthens the stopper-up organs, neutralizes, dissolves, and makes the kidneys sit out and filter away the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, active and healthy.

It matters not how long you have suffered, how old you are, or what you have tried. It is practically impossible to take Croxone without results, for it starts to work the minute you take it.

If you suffer with pains in the back or sides; if you are nervous, tired and run down; bothered with urinary disorders, or have any signs of kidney, bladder troubles or rheumatism, don't spend another needless package of Croxone today, and prove for yourself right now, as thousands of others have done, just how quickly it will end your misery.

Croxone is inexpensive, and every drugist is authorized to return the purchase price if it fails in a single case.—Adv.

DUPED BY CONWAY, WOMAN IS STRANDED

Mrs. Louise Mobray, Engaged As Detective, Is Penniless At Lynchburg, Va.

The police today received a letter from J. M. Seay, chief of police of Lynchburg, Va., telling of further activities of Roy Conway, held here on a charge of false pretenses growing out of a private detective agency scheme he was promoting.

The letter said Mrs. Louise Mobray, of Des Moines, Iowa, had been engaged by Conway as a private detective and that she is now in Lynchburg without friends or money.

Mrs. Mobray told Chief Seay that Conway engaged her at a salary of \$4 a day and agreed to pay her expenses. She advanced him \$20 to cover the "cost of a bond."

She received instructions from him to go to Lynchburg and meet him at a hotel there. This was some time ago, Conway, she stated, communicated with her several times and told her he had been delayed in getting to Lynchburg. She remained at the hotel until her money gave out and is now stopping at a boarding house.

"I had never heard anything about the case until I received your telegram," Chief Seay says in his letter, "and upon investigation located the woman and the facts in the case were developed. I can arrange to provide transportation to Washington for Mrs. Mobray if you think there is sufficient evidence which she could give to obtain a conviction."
